OWNERSHIP

Insight Equity since 2008.

Insight Equity is a private equity firm that makes control investments in strategically viable, middle market companies underperforming their full potential. Insight currently owns and operates 12 portfolio companies: 1) Direct Fuels, a specialty refiner and fuel distributor; 2) Vision-Ease, a manufacturer of prescription lenses for eyeglasses; 3) Hirschfeld Industries, a fabricator of structural steel for bridges, stadiums, mass transit structures and other commercial projects; 4) Walker Group Holdings, a manufacturer of stainless steel and aluminum tanks for the dairy, chemical, fuel and pharmaceutical industries; 5) AvTurf, a leading supplier and installer of synthetic turf systems for use in aviation applications; 6) Atwood Mobile Products, a designer and manufacturer of appliances, electronic products, doors and windows for recreational vehicles and specialty markets; 7) AEC Holdings, comprised of a fuel terminal operation, reclamation services, trucking, and biodiesel production; 8) Superior Silica Sands, a producer and processor of frac sand for natural gas and oil well drilling; and 9) Meadow Valley, a concrete contractor for the construction of highways, bridges and overpasses. 10) The Berry Family of Nurseries, one of the nation's largest wholesale growers of perennial and woody ornamental plants, 11) Versatile Processing Group (VPG), a leading industrial processor of non-ferrous and other metals servicing the manufacturing, electric utility, and metal recycling industries; and 12) A.P. Plasman, a world class designer and manufacturer of plastic injection molding for Class "A" exterior trim products and sub-systems to a variety of OEM and Tier 1 customers.
